Subject: NOIL Aloe Vera, Whole Leaf Extract
Date: Wednesday, May 20, 2015 2:27:01 PM

Dear Ms. Barajas-Ochoa – On behalf of my client, Coats AgriAloe, LLC, we hereby request an extension of time to comment on the Department’s Notice of Intent to List Aloe Vera, Whole Leaf Extract, as a chemical known to the state of California to cause cancer. There is considerable research which has been conducted over many many years on this material and the additional time will allow us to fairly review and summarize relevant issues in comments for the Department’s consideration. For this reason, please consider this request for an extension of the comment period for 30 days, until Friday June 26, 2015.

If possible, I would appreciate a response to this request prior to Monday May 25, 2015.

Please contact me if there are any questions.

Best regards,

Deborah Chadbourne
